

The State of Ohio, by law, requires immunization for Students who will be Seniors in 2016-2017. They are required to have a Meningitis Vaccine after the age of 16.

Your child **will not** be able to start 12<sup>th</sup> grade until he/she shows proof from a clinic or a physician that they have been vaccinated against this disease.

Contact your immunization provider and see if your child has received this vaccine. If so bring/send a copy of the immunization record to school.

If not, call now to schedule an appointment. Clinics fill rapidly DO NOT wait until summer to make your appointment. **Submit proof of immunization to the school.** Please feel free to call me with any questions.
